Firm profile:

In today's world of dynamic changes effective tax advice and innovative planning give our clients a strategic, competitive advantage.

TAX EXPERT International AG is an unique and highly recognized practice. Our Certified Tax Experts focus on national and international taxation affecting both business entities and individuals. We offer a comprehensive range of tax planning services that encompass tax-free mergers, spin-offs, restructurings, reorganizations, acquisitions, business formations, liquidations and – more importantly – independent tax reviews or opinions. In addition, to full-range corporate tax counseling, TAX EXPERT International AG has extensive experience that covers the full spectrum from all aspects of individual taxation including executive incentive compensation and employee stock ownership arrangements to inheritances, gifts, estates and real estate.

Whether it is advice on the implementation of complex national or transnational tax minimization strategies, or support in compliance matters, we help MNEs, stock-quoted companies, corporations, joint ventures, entrepreneurs, partner-ships, high-net-worth individuals, expatriates and inpatriates to respond effectively, managing their exposure to tax liability and complying with regulations.

With us you have chosen “**A Partnership for Success**”.

TAX EXPERT International AG is the editor of the prestigious TAX FACTS publication series with news on important tax developments - that can be ordered free of charge - as well as author of many interesting publications in domestic and foreign tax technical literature. In a row of seminars we cover continuously innovative structuring and tax planning possibilities.
